Comments:

Everyone benefits from our farmland.  
Actions that hurt us also hurt cities.  
Cal-Fed should return to its basic mission!  
-assuring water for people as well as  
bay-delta problems. Millions of people  
will be affected by your decision - but you are  
focusing on fish & wildlife habitat. We need a system  
where both people & fish are taken care of. Your action  
will affect not only the farming community - and all its  
related industries as well as labor and consumers.
